TO THE MEMBERS OF THE COMMON COUNCIL:

Consistent with my continuing efforts to monitor all government programs carefully to guarantee that the taxpayers of Fort Wayne receive the best possible service, but without duplication and unnecessary expenditures, I ask your cooperation in effecting the following changes.

After careful study and consideration, it has been determined that the departments presently operating out of Human Resources could better serve the public by merging with similar services under the auspices of other departments. The mergers will provide, in every case, a more comprehensive, efficient, and complete service to the citizens, while lowering the cost to the taxpayer.

With the expansion of CETA to a multi-million dollar program, I feel it is a must that it report directly to the Mayor's office. Affirmative Action and Veterans Affairs will report to Personnel, while the Federal Funds Administrator will be under the Controller, and Citizens Participation will be transferred to Community Development and Planning.

This streamlining will result in an immediate saving of \$21,000 in salaries. Looking forward to what seems to be a pretty bleak year budget-wise in 1978, I feel strongly that any relatively small savings we realize at this time, will be doubly appreciated then. More importantly, by putting these services under the proper departments, we will be in a position to more closely scrutinize all programs for duplication, which may result in further savings in the future.

In order to effect the above changes, it will, of course, be necessary to introduce appropriation ordinances to move the budgeted amounts for each program from Human Resources to the new department under which the service falls. I know you are as anxious as I am to improve the services to our citizens -- and at the same time save money -- and that I can count on your cooperation in transferring the necessary funds.

Should you have any questions, please call me.

Sincerely,

Robert E. Armstrong
Mayor
